

Beyond Zero Radio

Community Show Mon 5-6pm. Science & Solutions Show Fri 8:30-9am
3CR 855AM - streaming on www.3cr.org.au - podcast on BZE website

Beyond Zero is a bi-weekly program on 3CR community radio 855AM covering all manner of issues relating to climate change; including the latest news, interviews, science, solutions, technology & community actions.

It is presented by Beyond Zero Emissions, the not-for-profit volunteer run climate change solutions research centre.

The Monday show has news of campaigns and grassroots action. We interview writers, artists, thinkers and politicians about how to achieve a zero emissions future.

Tune into Beyond Zero for interviews with leading international experts on climate science & zero emissions solutions on Friday mornings at 8:30am.

For more information and podcasts go to www.beyondzeroemissions.org

Previous Beyond Zero guests include:

Dr Tim Flannery
2007 Australian of the Year

Dr David Mills
Chief Scientific Officer & founder, Ausra

Prof Wieslaw Maslowski
US Naval Postgraduate School, Oceanography

Dr David Suzuki
Scientist and environmentalist

Amory B. Lovins
